

# Fire Risk Assessment - The Facts

Running Time: 30 minutes

With the constant pressure from the UK Government for every company to carry out Fire Risk Assessments, a new title on how to do this is required.

This title covers:

- How to correctly and effectively carry out documented Fire Risk Assessments
- The responsibility of the employer to ensure every site, office and department has been assessed to minimise the risk of fire
- How to record findings
- The actions needed to complete an Assessment
- Fire prevention, looking at the requirements for fire prevention equipment in the workplace
- Correct positioning of Fire Extinguishers and Sprinklers etc.

**DVD Video**

**ONLY £139**

This title provides the viewer with clear and concise information regarding conducting Fire Risk Assessments, and how to identify the problem areas from the assessment. It is vital that your employees understand the importance of the assessment and its effect on the company, they must also understand the role they play in minimising risks.

Ideal to aid your employees in understanding the new Regulatory Reform (Fire Safety) order and what responsibilities they have when the legislation comes into force.

The pack comes complete with 50 Fire Risk Assessment Forms and 10 Fire Safety Training Booklets.

## Legislation:

With the introduction of the **Regulatory Reform (Fire Safety) Order 2005** in October 2006 it is vital that every employer and employee knows their responsibility for fire safety. Use this Video/DVD to train your employees in the importance of fire safety and to ensure you comply with the new legislation.

This title will help your employees to understand the procedures during a fire and will ensure that you are on the right path to meeting the Reform standards.

## Relating Products:

The Fire Safety Training Booklets will reinforce the message highlighted throughout the Video/DVD that prevention is always the best policy. The booklets will help raise awareness of the need for fire safety in the workplace and looks at safety equipment, signage and prevention techniques. A pack of 20 Booklets can be bought for only £29.50 and are a cost effective method of refreshing the message.

The Fire Risk Assessment Forms allows the user to look at Fire Safety Emergency Procedures, Evacuation and Fire Fighting Equipment in your organisation. A pack of 50 Assessment Forms can be bought for only £14.99.

Buy the Video/DVD and when the title is updated in the future you can purchase an upgrade for only £45 (Plus P&P and VAT).
