

# Health & Safety Induction - The Facts

Running Time: 22 minutes

This title is the ideal way to start a new employee in the right frame of mind – safety first! This product is designed for use as part of an induction course and is ideal for new members of staff, training staff who have never been trained in health and safety and for staff moving sites.

This title covers:

- The importance of having proper safety procedures and following them
- Manual Handling – including how to lift correctly
- Fire Safety – including what to do in the event of a fire
- COSHH – including identifying hazards
- Computer Safety (DSE) – including how to work safely with computers
- Slips, Trips and Falls
- Safety Signage
- PPE – including choosing the correct PPE to wear for your work

## Legislation:

This DVD/Video is ideal as part of your induction course and with the **Health & Safety at Work Act 1974** stating: "it is a requirement that every employer ensures; so far as is reasonably practicable, the health, safety and welfare of all of his employees" it is important that your new employees know their health and safety responsibilities.

## Relating Products:

Training Booklets are an ideal way of reinforcing the various training messages shown throughout the Video/DVD. The Health and Safety Induction Booklets look at the major health and safety areas, including Manual Handling, Fire Safety, Computer Safety, COSHH, Signage and much more. Further booklets are available to purchase from only £29.50 for a pack of 20 booklets.

The Workplace Induction Questionnaires are an essential tool for induction training sessions. Employees can complete the induction forms to identify important aspects of their working environment including identifying Fire Safety and First Aid facilities. The forms also look at accident recording, manual handling and emergency contacts. Further forms can be bought for as little as £14.99 for a pack.

Buy the Video/DVD and when the title is updated in the future you can purchase an upgrade for only £45 (Plus P&P and VAT).

**DVD Video**

**ONLY £139**

This DVD/Video features useful 'Pause Points' which allow the trainer to pause the content and discuss the topic covered.

This title also stresses the importance of communication between management, workers' representatives, supervisors and the employee. It also looks at the significance of method statements and having safe systems of work.

The pack comes complete with 50 Workplace Induction Questionnaires and 10 Health & Safety Induction Training Booklets.

*"Ideal as part of an induction programme for employees starting new jobs in the environments such as factories, workshops, warehouses and offices, the video is good value for money"*

Safety Management Magazine

*"The pack should be of considerable value to any organisation of any size and could be of particular benefit to SMEs where resources are limited but there is still need for induction training to be given. Well done, Safety Media!"*
