

Lift Truck & Warehouse Safety - The Facts

Running Time: 22 minutes

Lift trucks are versatile, flexible and necessary for the movement of goods in warehouses large and small, however every year there are over 8,000 reported accidents relating to lift truck operation and of these nearly 100 people are killed. This title trains lift truck drivers in the essentials of safety awareness whilst using lift trucks.

This title covers:

- The 3 main areas associated with safe forklift truck use – the driver, the vehicle and the warehouse environment.
- The main causes of accidents including speeding, overloading vehicles, reversing, poor maintenance and lack of training.
- Complete step-by-step guide to safe lift truck use within the warehouse from training the driver to lifting loads.
- Identifies bad safety practices in warehouses and how to avoid them.

Legislation:

There are quite a wide range of laws and regulations governing lift truck operations and warehouse safety, most notably, The **Provision and Use of Work Equipment PUWER 1998** and the **Lifting Operations and Lifting Equipment Regulations 1998 (LOLER 98)**. This DVD/Video will help to train your employees in the importance of safety whilst using lift trucks in the warehouse and the legal requirements of both the employer and the employee.

Relating Products:

Further Lift Truck Operators Assessment Forms can be purchased for as little as £14.99 per pack. The forms have been designed to ensure that all operators regularly carry out checks on their trucks and report any defects before proceeding to use the truck.

Training Booklets are the ideal way of ensuring your employees have a constant reference to their training once it is complete. The booklets look at the main causes of accidents in lift truck and warehouse operations, including aspects such as speeding, overloading of vehicles, reversing, poor maintenance and the consequences of lack of training. Further booklets can be bought for as little as £29.50 for a pack of 20 booklets.

Buy the Video/DVD and when the title is updated in the future you can purchase an upgrade for only £45 (Plus P&P and VAT).

This title is also suitable for improving general safety provisions within the warehouse.

The pack comes complete with 50 Lift Truck Operators Pre-Use Check Sheets and 10 Lift Truck and Warehouse Safety Training Booklets

“The programme has been produced to a very high standard and the key messages put across clearly and concisely. The video/DVD would be very useful for general warehouse safety courses, general forklift truck operator training and of course specifically for forklift truck operators in warehouse environments.”
